

During the month of April Miss Kim will continue working on letters with her children. They will work on Spring and Easter themed activities. At the beginning of the month they will be celebrating **The Week of the Young Child** with fun activities. Their color of the month will be purple and their shape of the month will be the oval.

Miss Debbie and Miss Angie will be doing "The Week of the Young Child" activities this month. They will observe Earth Day and focus on Easter activities and crafts. They will be painting umbrellas and talking about raindrops. Their color of the month will be purple.

During April, Miss Kari and Miss Holly will be doing a lot of Spring activities with rain, rainbows and umbrellas in their classroom. They will look forward to getting outside with good weather on the way, as they watch and listen for birds. They will be playing with eggs as they count, talk about the colors and look for them hiding in the grass.

Miss Rachel – 4/12
